AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

MEDICAL.

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

THE PHANTOM SHIPS.

The phantom ships, the little ships,
Mere films of cloudy air,
Go gliding past through light and shade,
Through gleams and lustres rare;
Or where the moonbeam's silver path
Sheds glory o'er the sea,
Or where the sunbeam's splendor
Rests in its majesty.

The little ships, the phantom ships,
Mere tiny films of gray,
Go sailing, sailing past the cliffs,
And past the frothing bay.
Are they from East or from the West?
From Turkey or from Spain?
Or but the shadows of dream-ships
Gliding across my brain?

The phantom ships, the phantom ships,
With sailing wings spread gray,
Flaunt forth no crimson pennons
In chivalrous display;
Steer down the channel, past the shoal,
With no rejoicing cheer,
With no resounding cannon,
Nor fire-flash glancing clear.

Those phantom ships are like the hopes
Of days long since rolled by;
O'er dreamland seas they glide along,
Their gray sails mounting high.
Glide on—glide on, ye shadowy fleet,
And bear your dead away,
Past glistening sands and rampart cliff,
And little frothing bay.

MARY WASHINGTON.

All the biographers of the Father of his Country dwell on his indebtedness for his future usefulness to the sound sense, upright character, and intrinsic goodness of his mother.

Her eminent qualities were strikingly depicted in her meeting with her illustrious son after the victory which made the success of America no longer a problem.

Custis thus describes the scene: "After an absence of seven years it was at length, on the return of the combined armies from Yorktown, permitted to the mother again to see and embrace her illustrious son. So soon as he had dismounted, in the midst of a numerous and brilliant suite, he sent to apprize her of his arrival, and to know when it would be her pleasure to receive him. And now, mark the force of early education and habits, and the superiority of the Spartan over the Persian schools, in this interview of the great Washington with his admirable parent and instructor.

"No pageantry of war proclaimed his coming,—no trumpets sounded—no banners waved. Alone, and on foot, the marshal of France, the general-in-chief of the combined armies of France and America, the deliverer of his country, the hero of the age, repaired to pay his humble duty to her whom he venerated as the author of his being, the founder of his fortune and his fame. For full well he knew that the matron was made of sterner stuff than to be moved by all the pride that glory ever gave, or by all the 'pomp and circumstance' of power.

"The lady was alone—her aged hands employed in the work of domestic industry, when the good news was announced; and it was further told that the victor-chief was in waiting at the threshhold. She welcomed him with a warm embrace, and by the well-remembered and endearing names of his childhood. Inquiring as to his health, she remarked the lines which mighty cares and many trials had made on his manly countenance—spoke much of old times and friends; but of his glory *not one word!*

"Meantime, in the village of Fredricksburgh all was joy and revelry. The town was crowded with the officers of the French and American armies, and with gentlemen from all the country around, who hastened to welcome the conquerors of Cornwallis. The citizens made arrangements for a splendid ball, to which the mother of Washington was specially invited. She observed, that although her dancing days were *pretty well over*, she should feel happy in contributing to the general festivity, and consented to attend.

"The foreign officers were anxious to see the mother of their chief. They had heard indistinct rumors respecting her remarkable life and character; but forming their judgment from European examples, they were prepared to expect in the mother that glare and show which would have attached to the parents of the great in the Old World. How were they surprised when the matron, leaning on the arm of her son, entered the room!

"She was arrayed in the very plain, yet becoming garb worn by the Virginia lady of the olden time. Her address, always dignified and imposing, was courteous though reserved. She received the complimentary attentions which were profusely paid her without evincing the slightest elevation; and at an early hour, wishing the company much enjoyment of their pleasures, and observing that it was time for old people to be at home, retired, leaning as before on the arm of her son."

THE MOTHER.—In no relation does woman exercise so deep an influence, both immediately and prospectively, as in that of the infant mind. Upon her devolves the care of the first stages of that course of discipline, which is to form, of a being perhaps the most frail and helpless in the world, the fearless ruler of animated creation, and the devout adorer of its great Creator. Her smiles call into exercise the first affections that spring up in our heart. She cherishes and expands the earliest germs of our intellects. She breathes over us her deepest devotions. She lifts our little hands and teaches our little tongues to lisp in prayer. She watches over us, like a guardian angel, and protects us through all our helpless years, when we know not of her cares and her anxieties on our account. She follows us into the world of men and lives in us; and blesses us; when she lives not otherwise upon the earth. What constitutes the centre of every home? Whither our thoughts turn, when our feet are weary with wandering, and our hearts sick with disappointment? And if there be a tribunal where the sins and follies of a froward child may hope for pardon and forgiveness this side of heaven, that tribunal is the heart of a fond and devoted mother.

SEMI-WEKELY ENQUIRER.

WEDNESDAY, JANUARY 9, 1867.

NOTICE.—Persons having business with this office of whatsoever kind will please address the undersigned, as no one else has any authority to transact business for the ENQUIRER.

Jan. 9, 1867. E. B. BOUST.

ACCOUNTED FOR.—In our last we asked what became of the project for a road from this place to Little York and You Bet. We are informed by one of the Committee that the survey for the road was to have commenced on yesterday morning, and was requested so state that as yet there is lacking a goodly amount to make up the sum to construct the road. We would respectfully urge upon our citizens the necessity of subscribing to the fund for the building of this road, as it will without doubt, benefit all classes of our people. No town ever attained even a respectable standing for trade without the convenience of roads leading to and from it; and taking into consideration that this road will bring us in direct communication with one of the richest counties in the State, our citizens should exert themselves in order to complete it. The committee will receive any sum that may be offered, and when the required amount is made, will issue to each their proportion of stock. We are not as fortunate as most towns, to be burdened with a superabundance of capital, and it is nonsense for those who have heretofore been backward when enterprises of a public nature are started, to continue in their course; those who have always been first in matters of this kind have become wearied of donating money to objects which benefited the backward as much as themselves. Let every one come forward and invest according to their means and the road will be built in a month, and stages and freight teams will be traveling upon it, Dutch Flat will become the depot for the immense amount of freight which is now obliged to stop at Colfax, and our town will soon assume a business appearance heretofore unknown to it. All that is required is a concert of action, and the road will be built.

RAILROAD.—We have certainly no disposition to disparage the benefits of the railroad, neither will we say anything by which the public will be led into error in regard to the accidents which have or may hereafter occur, or the time required to repair such accidents when they occur. We owe a duty to the public as well as encouragement and support of all worthy public enterprises. We stated in our issue of Dec. 25th, that it would be sometime before the damages sustained by the road between this place and Cisco could be repaired so as to permit the cars to run to that place. We gained our information from persons who had traveled over the road, some of whom have had years of experience in railroad matters, and it was their unanimous opinion that the time required in repairing the road would take from *one to two months*. It has now been about twenty-two or three days since the obstructions occurred, and we think those who have charge of the work do not expect to complete the repairs under a month. It would be criminal in us to represent the condition differently from what we do to the traveling public. Those who have families of children will experience great hardship in riding horseback from Alta to Cisco, a distance of twenty miles over a wretchedly muddy, sloppy road. Then we have some respect for the character of our paper; what is therein contained we desire to be the truth, and shall most certainly endeavor at all times to state it. The accidents on the road were unavoidable; could not have been prevented; and we stated a reasonable time in which to repair a great damage, if we erred in the time—we believe, however, we did not—it will redound to the benefit of those having charge of the road, should the damages be remedied sooner, and we will be the first to exult over their energy and perseverance.

MEETING OF CONGRESS.—The following Act changing the time of the meeting of Congress—and which the telegraph announced, has become a law:

BE IT ENACTED, That the regular times of meeting of the XLth Congress of the United States, and of each succeeding Congress thereafter shall be at 12 o'clock, meridian, on the 4th day of March, the day on which the term begins for which the Congress is elected, and on the first Monday in January next thereafter, and on the second Monday in the November next preceding the end of the term for which the Congress is elected.

SECTION 2.—And be it further enacted, That Section 17 of the Act Approved July 28, 1866, entitled "An Act making appropriations for sundry civil expenses of the Government for the year ending June 30, 1867, and for other purposes," be so amended that no Senator or Representative in Congress, who may be a member of an immediately preceding Congress, shall receive any allowance for mileage for traveling to the place of meeting to attend the first session of such preceding Congress.

NOT OPEN.—We had the pleasure of greeting Messrs. Adams and Markham, gentlemen from Meadow Lake, on yesterday morning, who informed us that the road from Meadow Lake to Cisco was not yet open for travel, and did not know when it would be. Snow at Meadow Lake, eight feet.

SUMMARY OF THE REPORT OF MAJ. GEN. D. E. SICKLES.

The report of Maj. Gen. D. E. Sickles, commanding department of the South, headquarters at Charleston, (S. C.) to Gen. Grant, presents, considering the moral, civil, and industrial disorganization, incident to the radical changes effected by the Rebellion, a very probable view of affairs in his department. That the Planters, and the negroes, formerly so isolated and in many respects antagonistic to each other should, when suddenly placed upon one common level before the "law" and "administrative justice," at once become obedient to the laws, the defenders and protectors of the rights of each other, is not to be expected. His report when carefully read, affords gratification to patriots, both north and south, who are deeply anxious that universal order, respect for rights and obligations, security, tranquility and industry, should speedily return to fructify, beautify and bless the South.

From the report we learn that on the 4th of March last the administration of justice was transferred from the jurisdiction of the Courts established by martial law to the jurisdiction of the Civil Courts. The civil officers in all cases being required to obey the proclamation of the President, the laws of Congress, and all orders relating to the government of the department emenating from competent authority. Consequent upon these measures a portion of the volunteer force was mustered out; the military district and sub-district organization discontinued, and Military posts established embracing several counties, from which patrols and detachments could be sent out as required.

Under these general regulations the report says: The Superior courts, the local magistracy and the town and municipal authorities have generally shown a proper disposition to do justice between man and man, and to afford protection to all good citizens. Unfortunately, however, there are exceptions to be made to this statement. In some parts of Barnwell, Edgefield, Newberry, Chester, Laurens and Richland districts (counties) in South Carolina, a freedman has little security for life, limb, or property, apart from the presence and protion of a garrison of United States troops."

This insubordination however, is to some extent accounted for from the fact that, "in certain localities of these States personal encounters, assaults and difficulties between citizens often resulting in serious wounds and death have for years occurred without serious notice or action by the civil authorities." And hence they can hardly be expected to yield with any grace to arrests for assaults and outrages upon negroes." These outrages are generally committed by hands of outlaws and marauders. They often elude the garrisons because it is impossible to obtain from the people in the neighborhood of their depredations any reliable information about them, nor from the colored people who fear to draw down upon themselves their vengeance. They appear disguised as blacks, and are by the garrison summarily dealt with as guerrillas. In this state of things in September last the Governor of South Carolina convened the Legislature in extraordinary session, when laws were passed substantially recognizing the civil rights of the freed people as those rights are defined in the Civil Rights Bill passed by Congress. This action of the people through their Legislature, gave the people of color the same remedies for wrongs, and the same loyal protection to life, liberty and property, as enjoyed by the most favored citizens.

These laws having been officially communicated to the commandant, he directed that, "all cases civil or criminal in which the parties are civillians be turned over to the State tribunals, that the jails and prisons be restored to the sheriffs, and that military provost courts be discontinued except on the sea Islands, where, as yet, civil authority had not been established.

In restoring to civil authority the extensive jurisdiction hitherto under martial law, the commandant took occasion to enjoin upon the freed people their duty to yield unhesitating obedience to the civil laws and magistracy; and also to commend to the authorities and inhabitants in general the considerate, forbearing, and patient execution of the laws in matters concerning the numerous population so recently vested with civil rights and the obligations of citizens.

Under the operations of these laws and regulations, placing all classes without respect to color upon a common equality before the law, the Superior court, says the report, held their Autumnal term. The adherents to the cause of the Union; the partisans of the rebellion; Northern men domiciled here since the war; the slaveholders of former times, and the freedmen of this epoch have all found themselves within the cognizance of the Courts. White men have been convicted of crimes on negro testimony; negroes tried upon charges preferred by white persons, have been acquitted upon negro testimony. In one instance the acquittal turned upon the evidence of the accused, a freedman in his own behalf—the testimony of accused persons, when offered by themselves, having been made competent by recent legislation in South Carolina.

As qualifying this favorable view of the administration of the laws and justice, it should be stated, that the Superior Courts are governed by a conscientious respect for the law and a degree of independence of popular sentiment not generally found among the inferior magistrates or ministerial officers.

In conclusion the commandant expresses the opinion, that the fortunate exemption of his department from the riots and turburlent collisions which have occurred elsewhere, is attributable in the main to the prohibition of all armed organizations, whether of police, patrols, regulators or military. The organization of an efficient police and constabulary in the several towns and counties has been uniformly encouraged, and the national troops have always supported the civil authorities. Thus doing away with the necessity of and preventing any collision with any State military organizations.

The armed bands called "regulars" having no authority from any quarter, are only countenanced by ill-disposed persons, and when captured are punished sumarily as guerrillas.

GOLD RUN.—A friend who visited this thriving town and mining locality on Monday last, furnishes us with the following mining items:

Our enterprising neighbors at this prosperous mining town are undermining and washing away its auriferous banks with great energy and activity. By the favor of Chas. Carr of the claim of Messrs. Carr, Harriman & Co., I counted more than twenty Hydraulic companies, all but one or two of which are in successful operation. Nearly all these companies use 300 inches of water,—rarely ever less than 250. One, Messrs. Harkness & Co., use 600 inches. The depths of the banks range from fifty to one hundred and fifty feet, the depth increasing as they advance towards the line of the divide. The dirt at the present depth, is sufficiently soft to yield to the hydraulic power applied and dissolve readily. The miners get their supply of water from Messrs. Kidd & Co. of the South Yuba Ditch. Hall & Allen, of the Bear River Ditch, and Bradley & Gardner of the Dutch Flat Water Co. The Gold-Runners seem possessed with the idea that a rich *bijou* is deposited for them in the banks underlying and adjacent to their mountain home, and are digging for it with "might and main"—with little hope however, of soon exhausting its rich treasure; having as yet only cleared the margin of the upper shelf

SCHLAP-STONES AND GOOSE-IRONS.—A man of ordinary muscularity could easily have cobble-stones weighing a pound each from the door of our office into the premises of a joke-loving Teutonic Hebrew who lately accosted us as follows: "Coom here und I tell you sometinks vat is petter as I nefer zaw in ter Inkrirer. Te oder night John Hoos he vish for some fun, und he take te goose-iron of te tailor vat keeps shop mit him, und he koes into John Uren's saloon und treat tree oder fellows und soak te goose-iron for pay—Zo koot! After a vile te tailor vish to kit efen, und he take John Hoos' schlap-stone to John Uren's saloon und treat some frents, und soak the schlap-stone fur pay. Den ven John Hoos and te tailor vould go to work, dey must furst go to John Uren und pay half a dollar a piece fur te goose-iron und schlap-stone, und John he say 'I vish so tere vas more schlap-stones around, fur py tam it makes goot pizness.' Den some fellers vent to te shop of Schubert und take his schlap-stone to John Uren and treat. Den John Meyer vent town te ravine und find a piece of ped rock shust like a schlap-stone und wrap it in piece of paper und soak it mit John Uren for treats. Great many oder boys kit shtones in te ravine und soak mit John Uren fur treats.

Shust now John Uren has great pig pile of schlap-stones vich no pody vill pay half a tollar for und his vishky ish most all gone. John Uren no more like dis and is tam sick mit te pizness."

SAD ACCIDENT.—On Monday evening, Jan. 1, says the Gold Hill *News* of the 2d instant, in lower Gold Hill, a sad accident occurred which may prove fatal to one of the parties concerned. At an early hour this morning, as five or six persons were coming from the New Year's Ball at the Piute Hotel, in a four horse wagon, it being rather dark and the roads very bad, by accident the wagon ran into a deep rut and upset, throwing its occupants all out. One of them, James Montgomery, fell heavily on the top of his head, and when picked up was found to be severely injured. He was carried to a house, and Dr. Gaston sent for, who, on examination of the wounded man, found that the scalp on the top of the head had been torn off from the skull for three or four inches, and the skull much bruised. Another wound was also sustained on the front part of the scalp.

ROBBERY.—We learn that S. M. Jamison, of Yankee Jim's, was robbed of $5000 on Sunday night, while he was away at Forest Hill.

Within one year, over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.—Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion. Extracts from his letter, published in the Baptist Missionary Magazine: "For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercise, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name: after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. Young, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses on feeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent cases with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one saye the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

To Dr. Chas. H. Tozer, San Francisco, Cal.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness; the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his power, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
